

Alg. 1 Chocolate - Quest 3

Presentations

For the table, graph & equation & each factory:

- each member must introduce themselves & which chocolate factory they represent.
- each group member must be able to describe the rate of change of take home money that their farmer might receive. (table, graph & eq.)
- each member must be able to use their groups poster as reference to provide examples of the rate of change.
- each group member must be able to explain the y-intercept (in the table, graph & equation)
- use the poster as a reference to explain the y-intercept.
